It is not now pretended that these two men had any more legal authority This result is attributable, in a great degree, to to compare the polls, issue certificates, or do, or perform any other act connected with the election than if they had resided in Indiana. Carry on the principle that any man may do what the law says only a certain citizen shall do, and we would not be surprised to see the editor of the Journal claiming to sit in place of Judge Muir when the writ of mandamus is to be tried. But carry out the principle, apply the rule to their party. Garland is now judge of the county court, Johnson clerk of the city court, May is assessor, and Furniss county attorney. We do not believe that any Democrat would hold an office when a majority of the legal votes cast are against him; and if he did, we wold be the last to sustain him in it. We believe that a majority should govern; that the people are the appointing power under the constitution and they have spoken their preference. The law lirects how that evidence of preference shall be ertified. Has it been done?

What say you to the strict letter of the law apolied to yourselves, Messrs. Monroe, Strattan, Jones and Harrison?

The news is not hopeful of peace prospects .-The temper of the Mormons continues hostile, the old grudge against the Gentiles is but imperfectly old grudge against the Gentiles is but imperfectly covered by the existing armistice, and there is reason to apprehend a fresh outbreak at any moment; the probabilities of a new difficulty, previously hinted at, being rendered stronger by recent advices. DAILY COURIER GREAT EXCITEMENT IN BOWLING GREEN [Correspondence of the Louisville Courier.]

An Abolitionist Caught — An Attempt Hang Him! BOWLING GREEN, KY., Aug. 10. Editors Louisville Courisr: On Saturday night, the 31st ult., the house of John Graham was entered, and a considerable amount of silver ware and other articles were stolen therefrom. A reward of fifty dollars was offered by Mr. Graham for the thief. On last Saturday night, a week after the robbery, a white man, hailing from your city, by the name of George Harrison Howard, a cooper by trade, left in company with a woman who had by trade, left i been in the employment of Mr. Graham, another woman, and a man belonging to Mr. N. Loring.

They procured a skiff, and after packing up their lates. tools, together with their stolen goods, started for parts unknown. They were seen to pass down the river, and a company started in pursuit of them. They were overhauled near Lock No.1, and as soon as they discovered their pursuers, they commenced throwing their stolen treasure overboard, to ether with, as this man Howard says, a box con

gether with, as this man Howard says, to box con-taining counterfeit money, and tools for making it. The negroes were taken, and after having five shots fired at him, Howard landed and made his escape. The negroes were brought to town on Monday evening, and put in jail. A reward of several hundred dollars was offered for the Greeleyite, and a company left town in pursuit of him.
They found him, and arrested him. He was brought to town this morning, where the intensest excitement prevailed. Many men were for hangexcitement prevailed. Many men were for hanging him right off, without judge or jury. He was taken into the court house, whereupon Juo Burnam, Judge Hines and John Graham addressed the crowd, imploring the people to let the law take its course. Mr. J. C. Wilkins, a prominent lawyer here, also spoke, and told them that he would volunteer his services as a lawyer to prosecute Howard, but contended for the execution of the law. A writ was served upon Howard, and he was put upon trial—his Honor, Judge Hines, presiding. After a careful investigation, the Judge required bail of him on five charges, in the sum of \$2.000 each, in default of which he was commit-\$2,000 each, in default of which he was commit

We can stand anything here but Abolitionism They had better not come to Bowling Green, This scoundrel deserves punishment, and we hope it will be meted out to him to the extent of the law; but, as we have always been opposed to mot law, we are rejoiced to have it to say that the law has been vindicated, although the case was an ag be prompt in the delivery of the paper as soon as gravated one-and one, we venture to predict, repeated in this community, will be summary punishment.

The Wife Murder-Norrell Committed. Alfred Norrell, who was arrested in Jefferson county, on Sunday, for the murder of his wife had an examining trial yesterday, before Esquires Clement and Matlack. The evidence was circum stantial, and leaves hardly a doubt of his guilt. He was committed to jail without bail, for murder in the first degree.

He is desirous of establishing a permanent office in this city. His peculiar theory is rapidly gaining for him a successful practice. He offers as usual, consultations free to all.

THE SARATOGA - John Hunt advertises the "Saratoga Saloon" in another column. This establishment is on the sontheast corner of Fifth and Jefferson, and he has fitted it up in the most superb style. His bar-room is large-his bil liard rooms and appurtenances equal to any in the city, and he furnishes the best of liquors t his patrons. Mr. Hunt will, no doubt, keep a model of a saloon-furnishing the best of every thing to his friends, together with the most cour teous attentions by himself and assistants.

ARRESTED, CHARGED WITH PERJURY. - Henry Beardsley was arrested vesterday by Officer Van sant, on the charge of perjury. The crime, it is alleged, was committed by his swearing before Squire Stephens in the late affair of Thompson and iail affairs. The matter will be investigated in the police court this morning. DISTRESSING CASUALITY—A Well Known Citizen Instantaneously Killed.—There was considerable feeling manifested among our citizens, at an early hour this morning, at the intelligence received of the sudden death of Squire J. Ranaway from the subscriber, living in Warren county, Ky., 10 miles west of Bowlinggreen, on the night of Sunday, July 18th, TWO NEGRO MEN, CHARLES and GEORGE. Charles is about ARTIFICIAL FLOWERS THE subscribers have added to their establishment several artists of acknowledged ability from Paris, and are manufacturing the above goods on a scale never before attempted in this country.

WHOLESALE PURCHASERS are invited to examine samples, which will be found, both in price and perfection, largely in advance of any similar goods offered in this market. MEN, CHARLES and GEORGE. Charles is about 6 feet high, of rather slender form, has a black complexion, is about 30 years of age, front teeth decayed, weighs about 175 or 180 pounds, when addressed seems rather embarassed. Altogether he is a likely boy. He had on when he left a black frock cloth coat, dark pants with a side stripe, coarse boots, and was when last heard from bare headed, having lost his hat; he also had whiskers under chin. I think it probable he has obtained a free pass.

George (sometimes cailed Joe) is a large, sonarch cree pass.
George (sometimes cailed Joe) is a large, square houldered black boy, heavy built, sprightly in appearance, weighs about 200 pounds, is about 6 feet high, is bout 30 years of age, has a pleasant expression of councance, indicating good nature, wears side whiskers, and when spoken to replies with promptness and sprightness. He took with him two coats, one a brown janes ack and the other a black frock coat, satin vest, two hirts, one white and the other hickory; two pairs of bants, one black with raised diamond-shaped spots, the other blue cottonade; an old Panama hat and coarse hoes. I think it probable that he also obtained a free bass. In Ostrich, Vulture and Fancy Feathers, Trimmings, &c. In addition to our usual importation of this de

scription of goods, which covers every quality, style and color suitable for Bonnet Trimmings, Fringes, &c., &c., we have extended our facilities for manufacturing the leading styles in this country, and will execute orders for any quantity on short notice. LACE RUCHES, FANCY TRIMMINGS. The subscribers having established a Ractory at No. 5 Broadway, on an extensive scale, for the production of the above goods, (under the management of Mr. Edward Jackson,) respectfully onlieit wholesale bugget to examine their samples, which embrace many entirely new desires. ass.
I will give the above reward of \$1,000 (\$500 each) for Bowlinggreen, Ky., August 2, 1858. auil d3&w2-88

Final Sale of Lots DURKEE, HEATH & CO'S IN KENTUCKY CITY!

On Monday, 27th of September, 1858, Will.commence the second and final sale of Lots in this growing and most interesting YOUNG CITY. The Trustees, in announcing this sale, feel warranted in assuring the public that at no point in the West can there be found a better chance for safe and profitable

KENTUCKY CITY
Is located on the east bank of the Mississippi river, twenty miles below the mouth of the Ohio river, at the first eligible highland, and in point of fact, being the mouth of the Ohio river; surrounded by a high, leathly, and fertile country, rapidly growing in well hand population, with a salubrious climate, generous, liberal and enlightened society. There wanted but o is further feature to make this the most commanding point on the "great Father of Waters"—this want was an uninterrupted and general outlet to the interior, so as to accommodate the interchange of commodities. That want is now fully met by the established system of KENTUCKY CITY RAILROADS,

which has fixed Kentucky City as the center of a net-work of railroads stretching out and affording connect-ions in all directions with the interior and with the cities and lakes of the North and East, and ramifying through-out the South and West. and lakes of the North and East, and ramifying threughout the South and West.

That the public may not be led off by suspicions that this is a mere city upon paper, we request you to enquire—to come and see for yourselves.

See the Map—Kentucky City is the northern terminus of the Great Mobile and Ohio Railroad—460 miles long. See also our railroad connection by Union City and along the Nashville and Northwestern Railroad via Paris and Clarksville to Nashville, 170 miles. Also, by Kenton and along the Memphis and Ohio Road to Memphis, about 160 miles. Also via Jackson, Tenn., Holly Springs, Canton and Jackson, Miss., to New Orleans, 500 miles. Also via Corinth, thence along the Memphis and Charleston Railroad to Tuscumbia, Huntsville, Chattanooga, Knoxville and the East, and with Atlanta and Savannah, Georgia. Also by the Fulton and Texas Railroad via orgia. Also by the Fulton and Texas Railroad vittle Rock, through to Arkansas and Texas to the Pa Also, by the Iron Mountain Railroad to St. Louis, 150

niles. Also by the STEAM FERRY PACKETS STEAM FERRY PACKETS
plying to and tro with Cairo and the Illinois Central
Railroad to Chicago and the whole northwest.

Intelligent, enterprising and practical men who will
come and see and investigate in person, will be conwinced that the extraordinary commercial advantages
and facilities of railroad and steamboat transportation
possessed by Kentucky City secures to this point requisites for manufacturing and commercial purposes, which
must, of necessity, cause it speedly to become the great
intermediate city between the NORTH and the SOUTH,
at which the productions and manufactures of each section will be concentrated for sale, or to be exchanged for
those of the other. hose of the other.

The Hon. Post-Master General, in a recent report says: "No man can look at the map of this coun without his eye finally resting on the mouth of the O as the center of population and commerce of the Uni

tates."
The sale is to be made without reserve and in goo aith, and there will always be a reliable gentleman of the ground whose pleasure and duty it will be to give all needful information, and answer all written or oral in terrogatories. Then let no one permit himself to be let commence Monday, September 27th, and continue until all the Lots, numbering upfour hundred, are sold.

feb23 d&wistf Louisville, Ky. TO CONSUMPTIVE INVALIDS: DR. FLOWER,

RADUATE of the City University of New York, Associate of the late Professor and Lecturer to the Hunterian Institute, and Hospital Physician, London, England, has taken rooms on the corner of Green and Center streets (east side of the First Presbyterian Church), Louisville, Ky., where he may be consulted daily for Consumption, Asthmat, Loss of Voice, Bronchitts, Chronic Cough, and Pulmonary Irritation, also for Dyspepsia and Female Complaints, Chronic Diseases, and all affections connected with or predisposing to Consumption.

Dr. Flower wishes it distinctly understood that, although he considers Consumption a curable disease, and treats it as such, he does not pretend to cure those who have neither lungs nor constitution left. He would also add that he is accustomed to tell those, applying their real situation, and none need apply who are unwilling to learn the truth. A curative treatment will of course only be undertaken in cases where there seems some chance of remedy. Where there is none, the treatment must be merely palliative.

The treatment employed is the breathing of Medicated Vapors into the Lungs, thus producing an action at the very sect of the disease, combined with constitutional remedies, which are safe, prompt, and effective. As Dr. F. is stay is limited, all who intend to consult him should do so at once. For the last six years Dr. F. has devoted his entire time to the treatment of the above diseases.

has devoted the state of the diseases.

COMMER !AL.

OFFICE OF THE DAILY COURIER, NESDAY EVENING, August 11, 1858. The market has been rather quiet during the past week, but we notice a marked firmness for most articles of produce and consumption, consequent mainly upon light supplies. The provision and the tobacco market appears pretty well sustained, with, however, but limited transactions of the former, and but moderate recelpts of the latter. The prospects of the next crop of tobacco are represented as favorable, though early frosts will prove disastrous to that and corn. Holders of the manufactured articles from hemp exhibit mo firmness than heretofore, while the stocks on hand are materially reduced. The supply of flour is light, which enhances prices, and we remark but limited receipts of wheat, the price of which is well sustained. Various other articles have slightly advanced, as will be noted in our summary annexed. Groceries continue firm,

with considerable receipts of coffee from the East. The weather during the past week has been excessive warm, relieved with but a slight shower of rain, and to-day it was clear, and the thermometer indicated about as warm weather as we have had this season. The rive has been fluctuating-rising a little and falling a little, being at a tolerable low stage, too low for heavy boats but at a fair stage for light ones, with but moderate ship ments, as the rates of freights have been enhanced

ehecking shipments. Our quotations are altogether the wholesale articles, which, on time orders, or retail sales to the coun try, command an advance. ALCOHOL .- Prices firm at 47c, and 55c for 76 an
